DID YOU KNOW?

In February, 1965, the Legislature adopted Chile and Frijoles as our state vegetables! According to the website of the Secretary of State, “the legislative debate over adoption of the vegetable centered over the argument that the two vegetables were inseparable, so both the chile and frijole were adopted as the official vegetables”.

According to our weather predictions, February 2, 2025, will bring snow showers and cold weather. When Punxsutawney Phil—that Seer of Seers, Sage of Sages, Weather Prognosticator Extraordinary— emerged from his burrow to make his much-anticipated forecast, he saw his shadow predicting 6 more weeks of winter. But in New York, Staten Island Chuck did NOT see his shadow, and predicted an early spring for 2025!

acts of kindness

This month's Random Act of Kindness is about one of our Senior Center Volunteers, Eileen Gonzales. Eileen started out with helping Senior Center staff hand out grab-and-go lunches at the Senior Center during COVID. Because the Senior Center was closed, volunteers and staff had additional responsibilities to ensure seniors received hot lunches. Eileen currently volunteers every Friday at bingo, assists with making doctor appointments, and translates into and from Spanish at these appointments, as needed.

THANK YOU FOR ALL YOU DO, EILEEN!
